On Dreaming: An Encounter with Medard Boss
Charles E. Scott, editor

Utilizing Heidegger's interpretation of human being and Freud's psychoanalysis, the noted Swiss therapist/philosopher Medard Boss outlines a theory of dreams which remains faithful to the eventfulness of human existence. A number of thinkers respond to Boss's theory: Walter Lowe, Eugene Gendlin, Robert Romanyshyn, Christine Downing, and Harold Alderman.

Charles E. Scott is Professor of Philosophy at Vanderbilt University. He is author of another Scholars Press title: *Boundaries in Mind: A Study of Immediate Awareness Based on Psychotherapy*.

Code: 00 03 06
